

THE DUHUMBI LEXICON – OVERVIEW FILE

This supplementary material discusses and presents issues related to the Duhumbi lexicon. There are sound files, descriptions, and analysis. There are two descriptive files, one discussing the inherited nouns, and one discussing the borrowed part of the Duhumbi lexicon. Then, there is a zip file with all the cut lexical sound files. There are 11 short descriptions of minimal pairs and the corresponding sound files in zip files. Then, there are five zip files with sound recordings. These files are described in the tables below.
